ZINC SULPHATE

ZnSO₄
CAS Nr. [7446-19-7]

Batch: 473

1	Appearance	white to cream crystalline powder
2	Zn max %	35 ± 1
3	Pb max %	0,01
4	Cd max %	0,001
5	As max %	0,001
6	H ₂ O max %	1,2

Use: An aqueous solution of zinc sulfate is claimed to be effective at removing moss from roofs. Spraying a mixture on moss will allow the wind to simply blow off the remaining debris, however it is not recommended for use on lawns as it is as effective at removing grass. Zinc sulfate also has reported uses of deceiving medical drug examinations. Apply it in viscose production, and mineral paints, glazes, in metallurgy (flotoreagent) and in medicine.

Characteristics: UN 3077 Class 9 packing III Dry. Provision to contain effluent from fire extinguishing. Store in an area without drain or sewer access. Transport Emergency Card: TEC (R)-90GM7-III

Package: big-bag 1000 kg

Transportation: The product is shipped by railway or car-track in accordance with the shipping rules for the corresponding kind of transport.

Guaranteed shelf life: 1 year
